

WELCOME TO THE ROGUE RIVER CLEANUP !!

Trash Pick-up Opportunities (10 AM – 12:00 PM):

Beaches – Rogue River mouth

- **Rogue River mouth & South Jetty** – Start at the south jetty (with the local Surfrider kids) and clean up trash from our beaches or head down to the Airport Rd, where you will reach several access points to the beach. *After all, once the river spits it out, this is where it ends up!* Remove trash from bar and bring to Quosatana Campground for disposal.

South side of the Rogue – Jerry' Flat Road (All locations will be signed)

- **Mill Bar** – Take Jerry's Flat Rd. (south side of bridge) approximately 4.5 miles upstream and TURN LEFT into this Port-owned property. There will also be some invasive plant removal going on at this bar, so it will be bustling. Feel free to spread out and pick up trash or follow the flagged trail to the Curry Soil & Water Weeds team to help remove scotch broom. *Talk to Dustin Williams or Drew Harper for instructions.* Remove any trash from bar and bring to Quosatana Campground for disposal.
- **Huntley Park** – Take Jerry's Flat Rd. approximately 7 miles upstream and TURN LEFT into Huntley Park. This property is also owned by the Port of Gold Beach and they have approved the use of their on-site dumpster for trash disposal on this day ONLY. This is a wide gravel bar, so feel free to spread out! *There are restroom facilities on site here as well.*

North side of the Rogue River – North Bank Rogue River Road (Location is signed)

- **Canfield Bar** – Drive north over Patterson bridge and make a RIGHT onto N. Bank Rogue River Rd. Continue to the intersection with Edson Creek Rd (about 4.5 miles - there is a little market here on the corner), and make a RIGHT onto N. Bank Rd. Continue on N. Bank Rd for another 1.5 miles. Just past the Cedar Valley turnoff, look RIGHT and go down to the bar. *Plenty of room to explore for trash on this bar!* Remove trash from bar and bring to Quosatana Campground for disposal.

Celebration and BBQ (12:00 – 1:30 PM):

- **Quosatana Campground (USFS site)** – Take Jerry's Flat Road (south side of bridge - turns into Agness Road at Lobster Creek) about 14 miles upriver, where you will make a LEFT into the campground. Follow the road down and to the right for the trash drop-off and activities. **PARKING** - *There is a parking lot near the entrance where you will need to park your car for the BBQ.* **If you are coming from the N. Bank Rd., continue upriver from Canfield, cross Lobster Creek Bridge and turn left to get to the campground (about 4 miles from the bridge).**

THANK YOU FOR YOUR HELP !!
