

## ADDENDUM #1

### Elephant Bar Habitat Enhancement

February 3<sup>rd</sup>, 2026

The following clarifications, changes, additions, and/or deletions are hereby made as part of the Contract Documents for the Elephant Bar Habitat Enhancement Project as fully and completely as if the same were fully set forth herein and must be acknowledged in the Proposal.

**Clarification:** Pg 7, Section 1.2. Proposals will be opened publicly.

**Clarification:** Pg.11, Section 2.2. Due to federal grant funding being applied to this project, this contract will fall under the Davis-Bacon Act, and NOT Prevailing wage.

**Clarification:** Pg 10, Section 1.3. Milestone Schedule has been updated and extended to reflect delay in proposal process. *\*\*If you attended the site show on January 27, you are **not** required to attend again. All questions will be recorded from the day and sent out to the previous group. I will provide a list of any new contractors that attend.*

Item	Original Proposed Schedule	NEW Schedule (for Statewide notification)
RFP issued	January 12, 2026	February 4, 2026
Notify of Intent to attend site show	January 26, 2026	February 11, 2026
Pre-proposal site showing	January 27, 2026	February 13, 2026 (0900)
Deadline for submitting requests for information	February 4, 2026	February 17, 2026
Proposal due date	February 10, 2026	February 20, 2026 (1500)
Anticipated opening of Proposals	February 12, 2026	February 20, 2026 (1700)
Successful Proposer Announced	February 27, 2026	March 6, 2026
Earliest site access date	June 1, 2026	June 15, 2026
Earliest date for commencing in-stream work	July 15, 2026	July 15, 2026
Completion of Project	September 30, 2026	September 30, 2026

**Clarification:** Pg 18, Section 4.9 states that “all equipment that will be operated in and adjacent to the stream channel and live water shall use biodegradable lubricants and fluids.” Following SLOPES V recommendations, the biodegradable lubricant and fluid requirement applies ONLY to hydraulic fluid, and equipment operating directly within live water or saturated channels. We expect that other fluids, oils, and lubricants will be properly maintained and sealed to ensure a clean work environment.

**Clarification:** An engineer's estimate is not available for this project.

**Clarification:** A bid bond is required (10% of total amount of bid to be submitted at the time the bid is submitted). Performance bonds (100% of total contract amount) and payment bonds (100% of total contract amount) will be required at the time of contracting. *\*Please use the bid bond form attached to this addendum.*

**Clarification:** There are no Disadvantaged Business Enterprise (DBE) requirements associated with this project.

**Addition:** As required by 2 CFR Part 184 - Buy America Preferences for Infrastructure Projects, all iron, steel, manufactured products, and construction materials used in the project are required to be produced in the United States, unless subject to an approved waiver. Preference points will be awarded to bidders certifying in writing that materials to be provided for the project are manufactured in the United States.

**Addition:** Under ORS 279A.110(4), bidders or proposers are required to certify that they have not discriminated against and will not discriminate against any of these types of businesses when awarding a subcontract (i.e. minority-owned business, woman-owned business, veteran-owned business, or emerging small business).

**Clarification:** The following companies were present at the required pre-bid site show on January 27, 2026:

- Timber Roads
- GR Sundberg, Inc.
- Northwest Watershed Restoration
- McLennan Excavation, Inc.
- Tidewater Contractors, Inc.
- BCI Contractors
- TNT Construction & Excavation, LLC.
- LaDuke Construction
- Granite Construction
- Blue Ridge Timber, Inc.
- Dietrich Construction LLC

**Clarification:** Pg, 10, Section 1.3 states that a contractor could begin in-stream work on July 15, 2026. The current earliest indicated timing for a start is June 15, 2026. It may be possible to start work as early as June 1st, depending on ODFW review, and assuming weather and river conditions allow.

**Addition:** The following activities, when performed in isolated areas with appropriate environmental controls and no fish access, may occur prior to July 15, 2026. Contractor must receive applicable approvals from ODFW and Contracting Agent prior to any work beginning.

1. Slough excavation and bench grading prior to final breach or tidal connection

2. Excavation encountering groundwater or requiring dewatering
3. Large wood structure installation in isolated work areas
4. Floodplain fill placement and grading
5. Access construction, staging, and environmental control installation

**Addition:** Pg.33, Section 01560 Part 1.3 Dust Abatement. C. Contractor will mitigate visible dust on haul roads during implementation.

**Addition:** Digital Information Files. All files use the following projection: NAD 1983 State Plane Oregon South FIPS 3602, Linear Unit: meters, Vertical Unit: feet NAVD 88.  [ElephantBar\\_GIS.zip](#)

Files included are as follows:

- ✓ Existing\_DTM.tif – Existing Topography
- ✓ Proposed\_DTM.tif – Proposed Topography
- ✓ Cut\_Area.shp – Extent of Proposed Cut
- ✓ Fill\_Area.shp – Extent of Proposed Fill
- ✓ Pools.shp – Locations of Proposed Pools
- ✓ Benches.shp – Locations of Proposed Benches
- ✓ WoodStructures.shp – Locations of Proposed Large Wood Structures

## PROPOSAL SECURITY

\_\_\_\_\_, (“PROPOSER”), and \_\_\_\_\_  
 (“SURETY”), are bound to the Curry Soil and Water Conservation District (“OBLIGEE”), in the  
 sum of \$ \_\_\_\_\_ ( \_\_\_\_\_ & \_\_\_\_/100 dollars) (“PENAL SUM”), for the payment of  
 this sum we bind ourselves and our legal successors.

If OBLIGEE accepts the Proposal of PROPOSER, and PROPOSER enters into a contract with  
 OBLIGEE in accordance with the Request for Proposals, and further, give such performance and  
 payment bonds as may be required, then this obligation shall be void, otherwise the same shall  
 remain in full force and effect.

Provided, however, that upon the failure of the PROPOSER to enter into the contract as  
 described above, the PROPOSER shall pay either the difference between the Proposal submitted  
 by PROPOSER and any larger amount which OBLIGEE may in good faith contract to perform  
 the work, or the PENAL SUM, whichever is lesser.

DATED: \_\_\_\_\_
